## Equipment

### TWIN POWER™

#### Modular Chemical Dispensing Unit

- ES-Gap™ Eductor provides complete backflow prevention and broad regulatory acceptance.
- Unique cartridge design offers dual flow and dilution control from the same super-concentrate container.
- Pre-set "In-Container" metering devices assure accurate dilutions every time and reduces problems with high water pressure.
- Eliminates chemical contact for added worker safety.
- Easy to install, space saving design.
- Locking high flow button to fill mop buckets, automatic scrubbers or extractors quickly and easily.

EACH: Item # 4110

### FLEX-LOCK™ 2

#### Lockable Dilution System

A completely enclosed, lockable system to dispense up to four products; one high flow and three low flow.

- Designed for use with all NCL TWIN POWER™ Super concentrates.
- Pre-set "In-Container" metering devices assure accurate dilutions every time and reduces problems with high water pressure.
- Eliminates chemical contact for added worker safety.
- Easy to install, space saving design.
- Locking high flow button to fill mop buckets, automatic scrubbers or extractors quickly and easily.

EACH: Item # 4150

### HANDI HOLD RACK

- Sturdy, powder coated wire holding rack
- Sturdy, rust resistant wire construction.
- Convenient, locking bar holds product securely in place.
- Versatile, holds 6 Twin Power™ containers or 3 Ready...Set...CLEAN!™ containers.

EACH: Item # 4125
